## **DETAILED ACTION**

### Election/Restriction

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-43 and 57, drawn to a method of electrical communication by means of network signaling, classified in class 340, subclass 286.02.
  - II. Claims 44-56, drawn to an electronic shopping system comprising an arrangement for presenting an image or description of a sales item (e.g., electronic catalog browsing), classified in class 705, subclass 27.
- 2. The inventions are distinct, each from the other because of the following reasons:

Invention I is related to Invention II as process and apparatus for its practice. The inventions are distinct if it can be shown that *either*: (1) the process as claimed can be practiced by another, materially different apparatus, or by hand, *or* (2) the apparatus as claimed can be used to practice another, materially different process. (MPEP § 806.05(e)). In this case, the process as claimed can be practiced by another, materially different apparatus, or by hand, such as in a system in which the method step of "obtaining over a network" is simply performed manually, by means of verbal communication over any ordinary telephone network.

Art Unit: 3627 Page 3

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

- 4. A telephone call was placed to Ms. Elizabeth P. Morano (Reg. Nº 42,904), attorney for applicant, on June 9, 2004, to discuss an oral election to the above restriction requirement, but the call did not result in an election being made.
- 5. Applicant is advised that the reply to this requirement, to be complete, *must* include an election of the invention to be examined, even if the requirement be traversed (37 CFR 1.143).

### Conclusion

6. Any inquiry concerning this communication, or earlier communications, should be directed to the examiner, **Jerry O'Connor**, whose telephone number is (703) 305-1525, and whose facsimile number is (703) 746-3976.

The examiner can normally be reached weekdays from 9:30 to 6:00.

Inquiries of a general nature or simply relating to the status of the application should be directed to the receptionist, whose telephone number is (703) 308-1113.

If attempts to reach the examiner are unsuccessful, the examiner's supervisor, Mr. Robert Olszewski, can be reached at (703) 308-5183.
